It is a world where terrible things happen and wonderful things too. .... Yet for all its confusion and wildness, it is a world where the battle goes ultimately to the good, and where in the long run everybody, good and evil alike, becomes known by his true name... That is the fairy tale of the Gospel with, of course, one crucial difference from all other fairy tales, which is that the claim made for it is that it is true, that it not only happened once upon a time but has kept on happening ever since and is happening still."* (Frederick Buechner's, Telling the Truth) Admission is free.
