Rome was the capitol of the empire. Whatever happened in the church and to the church at Rome affected churches throughout the empire. For example the church at Rome was made up largely of Gentile converts who had formerly been sun worshipers. So it was easier for them to adopt Sunday as a day of celebration in place of Saturday which was a day of ill omen according to Astrology which was also strong in Rome. And it helped them avoid being viewed as Jews who were hated by many.

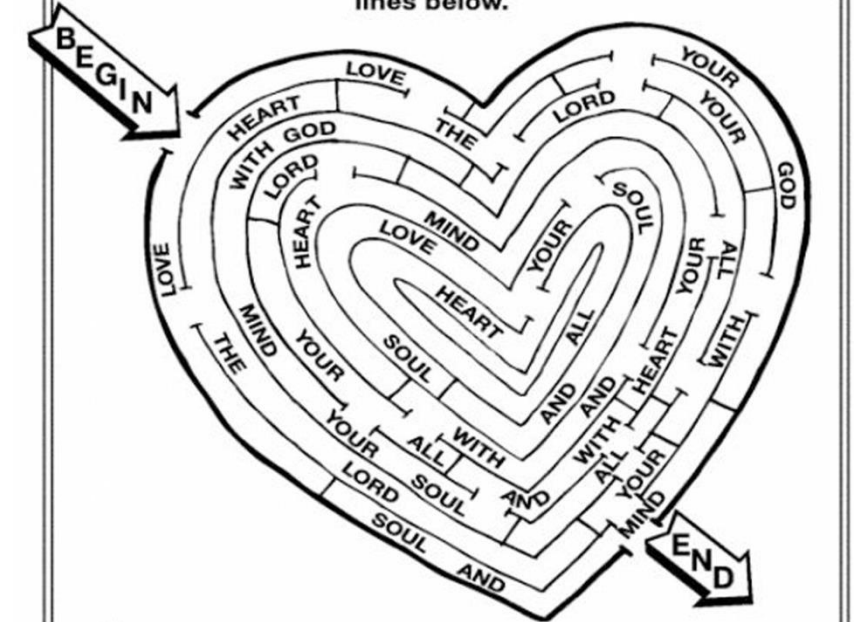

Therefore the letter to the Romans, the Roman believers, became a major treatise with the potential of affecting all Christian churches. And so it has. But it has been misinterpreted by those who want to misinterpret it. Our task is to interpret it more accurately. And so we do every Sabbath evening one hour before sunset. Be sure you're in the pews to close the Sabbath in worship with music, with Bible study, and with sharing with serious students of Scripture

This is a great way to close the Sabbath, to spring into a new week, and to learn the words of God. AND this is a great place to invite friends to learn what the Bible teaches about nearly every major question in life. That's how thorough the Book of Romans is.

Elder Strunk will be leading most of the studies. Study begins at 7:00 p.m. and ends at 8:00 p.m. Come early to get a good seat.
