Hebrews is a letter to Jewish Christians. Only Jewish Christians could immediately grasp the import of what Paul was writing to them. The earthly sanctuary where they had gathered three times a year for fifteen hundred years would soon be destroyed. That could be extremely disorienting to them, especially if they still believed that Jerusalem would be the capitol of the world. Now they must look to the heavenly sanctuary where their new High Priest was representing them. That's what Hebrews does. The earthly sanctuary had two major apartments. How many does the heavenly sanctuary have? We will enter that debate. What are the differences between the earthly and heavenly sanctuaries? How many "rests" are there in Hebrews? Can you be a priest in the heavenly sanctuary? We meet one hour before sunset in the sanctuary preceded by 15 minutes of live music. This is a refreshing way to close the Sabbath. Sunset is 6:23 p.m., so our study begins at 5:23.

## *In Pursuit of Excellence* **THE HEALTH COMPONENT**

Research shows that those who follow good daily habits feel 30 when they are 60, compared to those with poor habits who feel 60 when they are 30. Simple daily habits make the difference. The good news is, **“These habits are do-able.”** How you feel today, and how you will feel tomorrow depends more on you than on the government, the environment or the doctor.

There is a harmony between the latest scientific recommendations and the health teachings of the Bible. I will show how those who follow these teachings live longer and healthier than the rest of the people in every country where they’ve been studied.

*In Pursuit of Excellence* **THE HEALTH COMPONENT** is a results-oriented program. If you register at the close of the first night you will receive ***The Daily Routine*** along with your notebook where you can file the handouts of each lecture. You need not take notes. You can just listen, enjoy, and ask questions.

Stirring every newborn is a drive toward excellence. It was propelling us before we were aware of it; first to crawl, next to walk, then to run with the wind. The drive for excellence longs to flourish, lifting one to the highest levels of performance. Though often threatened with extinction, it struggles to survive for it is God-given, designed for endless growth and development.

To keep this drive alive and flourishing, you must have a healthy body and a healthy mind. *In Pursuit of Excellence* **THE HEALTH COMPONENT** is six weeks of an exciting health adventure. Over twenty topics like —

**How to Live 12 Extra Years, if you start now.** And those are good years; not in a nursing home.

**Forbidden Fat** followed by **Flaws of the No-fat Fad.** The right kinds of fat are essential. I will catch you up to date on the fat debate, and the overrated Omega 3s.

**Making Sense of Human Suffering.** This lecture explains 90% of human suffering. The other 10% comes later.

**How to live to 100** if you want to.

**Fueling the Body, Fueling the Soul.** Don’t leave home without them.

**Plus, many more topics, and extra sessions of interest.**

**Again, please call 790-8132 if you will be my guest the first night so we can prepare for you.**
